

Lovely Lady

FOR WOMEN ONLY

This page is designed for the single lady and discusses topics that she may encounter in life.

Christmas is here again.

How are you going to celebrate it this year?

- Spend lots of money on your children who already own everything
- Buy an expensive present for yourself
- Ignore the whole holiday and hope it goes away soon

Why not do something different this year?

The last couple of months we have been discussing getting a passion in life to help others. Christmas is an ideal time to go that “extra mile” to help.

Use your imagination and think about what you could do to help those who need help in your neighborhood or community. Instead of spending money on more “things” which most of us really can live without, why not spend your money on creating food baskets for the poor, buying baby supplies for a poor mother, baking muffins for an elderly single man, or buying socks for the homeless.

As a single woman you have the freedom to choose how to spend your money this Christmas. Why not use it to make a difference in your community!
