

Lovely Lady

FOR WOMEN ONLY

This page is designed for the single lady and discusses topics that she may encounter in life.

Last month I touched on the subject of getting a passion in life that will help people.

How do you do that?

Here are some steps that might help:

1. Pray about it, asking Jesus to guide you to the “work” He has for you.
2. Examine your talents. What are you good at?
3. Identify your interests. What touches your heart or excites you?
4. Look at the needs around you, and ask yourself what you can do to make a difference in your community or in the world.

Then blend all the answers together and see what door opens.

We women can sometimes get so bogged down with everyday things....going to work, caring for children, cleaning our homes, watching TV and watching it more, until we lose our enthusiasm for life. Having a passion to help others will reignite your flame! And not only will it help you but others as well.

So, ladies, it's time to get excited about life.
